## To-Do List (Fixes & Updates)

---

### Date Handling

- ☒ In every date column involving **Proposed Emptying Date** and **Confirmed Emptying Date** , display the **Flatpickr trips allocated date** .
- ☒ Add new date picker in application edit
- ☒ Remove the **Next Emptying Date Period** field entirely.
- ☒ Set **Next Emptying Date** to be either **\*\*1 year\*\*** .

### Application & Status Updates

- ☒ Ensure **status updates** save correctly in the application on all relevant actions.
- ☐ Add a **Ping button** when the user disagrees with the proposed schedule.
- ☒ Change the **Disagree icon** from a trash bin  to an **✗** (X mark) in Desludging Schedule module

### Export & Query Updates

- ☐ Update the **CSV export query** for the **Desludging Schedule module** to include necessary and updated fields.
- ☒ Display **Containment ID** properly in the **Desludging Schedule module** .

## Validation & Constraints

- ☒ Add validation to ensure **Trip Capacity Per Day** can never be 0.
  - ☒ Remove any **Next Emptying Date Period** field references in code, UI, and database if applicable of site setting.
  - ☒ Form validation by not letting it accept any special characters and negative value and vice versa
  - ☐ Even if the error is displaying the form is getting saved . Fix it
- 

## Site Settings & Sidebar

- ☒ Remove fields from the **Site Settings module** that are no longer in use.
  - ☐ Fix the **Sidebar page open issue** (active state and page load behavior).
  - ☒ Rearrange the **Schedule** menu in the sidebar according to the new feedback structure, reintegrating after the **Feedback module** .
- 

## Application Form & Supervisory Assessment

- ☒ Remove the **Household Details block** from the **Application form** .
  - ☒ Fix the date format of **Supervisory Assessment Date** in the **Applications table** .
  - ☒ When the user tries to **save the application form reschedule** , display the selected **date** properly.
  - ☐ In the **Supervisory Assessment filter** , add filters for:
    - ☐ Holding Number (House Number)
    - ☐ Owner Name
    - ☐ Bin Number
- 

## Reschedule Generation Modal

- ☒ In the **Reschedule Generation modal** :

- ☒ Add a new **Confirm Schedule** button that leads to application form page .
- ☒ Remove the **Next Emptying Date** column .
